

RE-THINK THE SCHOOL COMMUTE!

A MESSAGE FROM THE P+C ACTIVE TRANSPORT COMMITTEE

These unusual times have meant that a lot of our daily routines have changed – in some cases, for the better!

Since school has been back, it's been amazing to see so many families walking or cycling to school, and lots of kids who have become independent enough to do the trip on their own now.

If you've found an active transport silver lining, then don't let the lifting restrictions and oncoming winter steer you off course! And if you've been thinking of getting your kids on their bikes or walking to school, there's no better time to start.
